APPLICATION FOR STOCKPILING PERMIT
(Sediment and Erosion Control Ordinance No. 808)

Name of Applicant: _____
(If Applicant is not an individual, complete DPW-ENGR-Form A. If Applicant is not the Owner of the property, provide letter of authorization from the property owner.)

Tax Map Key: _____ Town/District: _____

Name(s) and Street Address(es) of Owner(s):

Signature if Owner or Applicant: _____

Mailing Address: _____

Telephone No: Home: _____ Business: _____ Fax: _____

State Purpose of Work: _____

The Application shall be accompanied by two (2) sets of the following documents:

1. Stockpiling, Sedimentation and Erosion Control Plans drawn to a convenient engineering scale showing:
 - a. Vicinity Map and North arrow, property lot lines, easements, setback lines.
 - b. Location of any building, structure, and improvements on the property where the work is to be performed.
 - c. The area in square feet or acres of the land to be disturbed.
 - d. Best Management Practices to be used to control dust emissions, sedimentation, and erosion to the maximum extent practicable by watering with trucks or sprinklers, erection of dust and silt fences, limiting the area of disturbance, and timely grassing of disturbed bare areas.
 - e. Location of proposed stockpile, quantities, height of the stockpile, life of the stockpile, source of the material to be stockpiled, and other information as may be required by the County Engineer.

2. Where stockpiling is for the purpose of surcharging to stabilize or consolidate an area, the County Engineer shall require the permittee(s) to submit an engineer's soil report which shall include data on the effect surcharging will have on adjacent building or structure, if any.

For DPW-ENGR USE Only. Do not write below this line.

This is to acknowledge receipt and acceptance of the application, including all the required supporting documents listed above.
